

SYRDARIYA UNIVERSITY

The University of Syrdariya has been functioning since 1998 in Zhetysay city of South Kazakhstan region. Since its founding, the main objectives of Sirdariya University is to expanding and sharing knowledge and preserving cultural and scientific information for future generations. Syrdariya University reach is both local and international. It partners with its hometown Zhetysay to strengthen the city's community and economy.

SU carries on its academic activities on a campus located in the city center consisting of four buildings. SU currently consists of four faculties, one research center and ten modern laboratories which equipped with modern material and technical base. The number of students totals to approximately 3.000.

The international cooperation is an integral part of activity of Syrdariya University and the important tool in ensuring quality of education and its compliance to the international standards. Today SU successfully cooperates with more than 20 universities of the world and the university is a member of International Associations of universities, the International Association for the Exchange of Students for Technical Experience. In order to improve academic exchange of students and staff we cooperate with leading European Universities such as *Riga Technical University (Latvia)* and *Eszterházy Károly University (Hungary)* within the framework of Erasmus and collaborate between institutions of Turkey (*Anadolu University, Kastamonu University, Artvin Coruh University*) in the scope of Mevlana Exchange Programme.
